Volume XI, No 7 FROM THE DIRECTOR GENERAL & THE CHAIRMAN OF THE BOARD February 23, 2009

RAPPORT DU DIRECTEUR GÉNÉRAL

Appréciation du travail pendant les inscriptions

Bien que nous en soyons encore à la compilation des inscriptions, nous croyons que le total ne sera pas très éloigné de nos prévisions à long terme. Le contrôle des inscriptions est un processus continu qui détermine les ressources humaines et financières qui nous seront allouées pour l'année scolaire 2009-2010.

Nous remercions le personnel du bureau d'admission et les membres du personnel des écoles qui font un merveilleux travail d'accueil auprès des nouvelles familles.

Assemblées publiques

J'aimerais remercier tous ceux qui ont participé aux récentes assemblées publiques et qui ont exprimé leurs idées si ouvertement. Je remercie également les gestionnaires et les employés qui ont donné de leur temps pour organiser les assemblées et pour y assister.

Bonne semaine de relâche!

À l'occasion de la relâche de mars qui approche, je souhaite à tous un congé sain, sécuritaire et relaxant. À votre retour, nous nous dirigerons rapidement vers la fin de l'année. C'est dire qu'une période d'examens importants est imminente pour les élèves; je les encourage à adopter et maintenir des méthodes d'étude efficaces.

DIRECTOR GENERAL'S REPORT

Appreciation re: Registration Process

Although we are still compiling registration numbers, we believe that we will prove consistent with our long-term enrollment projections. The monitoring of enrollment and registration is an on-going and continuous process that determines the financial and human resources that will be available and allocated for the 2009-2010 school year.

Thanks are extended to our Registration Office personnel and to the staff members in the schools who do such a wonderful job in greeting and working with new families.

Town Hall Meetings

I wish to express my thanks to all who participated in the recent Town Hall meetings and to those who expressed their thoughts so openly. My appreciation is also extended to those administrators and staff members who gave so freely of their time to attend and to organize the meetings.

Best Wishes for March Break

With our March Break approaching rapidly, I extend best wishes to all for a healthy, safe and happy vacation. On our return, we will be rushing quickly towards the end of the school year. This means an important examination period for most students is looming so all are encouraged to undertake and maintain a pattern of effective study.

...FROM THE DIRECTOR GENERAL

Événements importants pour les élèves

Youth Humanitarian Summit 2009

Cet événement qui aura lieu à l'école secondaire St. Thomas le 18 mars prochain réunira des élèves anglophones et francophones de toute l'île de Montréal pour les sensibiliser aux enjeux humanitaires tant au niveau local que planétaire. Marc Kielburger, directeur administratif de *Free the Children* et D^{re} Samantha Nutt, fondatrice de *War Child Canada*, seront les conférenciers invités.

Pearson Idol

Ce spectacle de variétés, un projet du comité central des parents, qui met en vedette les talents incroyables de nos élèves en musique et en danse, aura lieu le 20 mars prochain à l'école secondaire Pierrefonds Comprehensive. C'est un spectacle à ne pas manquer ! De plus amples renseignements sont disponibles sur le site Web de la commission scolaire à www.lbpsb.qc.ca.

Système de messagerie communautaire

Tous les membres de la commission scolaire ont reçu deux messages par le truchement de notre nouvelle messagerie communautaire. Le premier était un test effectué par le président du conseil et le deuxième un message de lancement de votre directeur d'école ou de centre.

En tant que première commission scolaire au Québec à implanter ce système, nous nous réjouissons de pouvoir communiquer de manière rapide et efficace avec notre communauté.

Upcoming Major Student Events

Youth Humanitarian Summit 2009

This event, hosted by Saint Thomas High School on March 18, 2009, will bring together both French-speaking and English-speaking students from across the city to create awareness of local and global humanitarian issues. Marc Kielburger, Executive Director of *Free the Children* and Dr. Samantha Nutt, founder of *War Child Canada* are featured speakers.

Pearson Idol

This variety show, a project of the Central Students Committee, that showcases the incredible musical and dance talents of our students will take place on March 20, 2009, at Pierrefonds Comprehensive High School. This is a variety show that is not to be missed! Further details are available on the board website at www.lbpsb.qc.ca.

Community Messaging System

By this time, all members of the school board community will have received two messages via our new Community Messaging System. The first was a test message from the Board Chairman and the second, an introductory message from your school Principal or, in the case of Adult & Vocational Education, from the Centre Director.

As the first school board in Québec to implement this system, we are looking forward very much to rapid and effective communication with our community.

Dans La Rue visits Beurling Academy

Sue Medleg, from *Dans La Rue*, visited Beurling Academy on Thursday, January 29th, 2009. Sue engaged the Secondary 1 students with an interactive presentation about *Dans La Rue*. Her power point presentation was informative and included many visuals. The students were very attentive and many of them shared their positive comments about the presentation. At the end of the presentation, a few students were asked to thank Sue and presented her with the 194 pairs of new socks from our recent Cycle 1 “Socks for Pops” Drive.

Simon Bonenfant and Maude Cournoyer from *Dans La Rue* visited Secondary 2 Ethics and Religious Culture classes during the month of January and February. The presenters covered a prevention program entitled, “Breaking the Silence.” The program sheds light on gang-related issues such as exploitation, sexual aggression, the risks of homelessness and street life. Furthermore, it focuses on educating teenage girls about the risks of joining street gangs. The project leaders used an educational comic book, *Le Silence de Cendrillon* (“*Cinderella’s Silence*”), produced by Centre jeunesse de Montréal - Institut universitaire as a resource to raise awareness amongst students.

BEURLING ACADEMY CELEBRATES BLACK HISTORY MONTH WITH QUEBEC MINISTER YOLANDE JAMES

Beurling Academy hosted an assembly of students on February 17th as part of Black History Month events and we had the pleasure of hosting a special guest speaker.

Québec Minister of Immigration and Cultural Communities, the Honourable Yolande James paid us a visit. In her statements she mentioned her admiration for the portrayals of the various historical characters such as: Kunta Kinte, Harriet Tubman, Mary Ann Shadd, Montrealer Oscar Peterson, and what seemed to be everybody's favourite, U.S. President Barack Obama.

Students Omar Gayle and Keerah Waldrich shared the MC chores in a morning of poetry, theatre, song, and an amazing power-point presentation of heroes that was prepared by students.

The finale included poetry readings by the authors and a heartfelt rendition of the Whitney Houston song, "The Greatest Love of All" by student Tishawna Callender.

We would like to thank all those involved in the planning for this memorable day.

Sandra Reynard and Bob Dubois

PACC Vocal Group Hits a High Note at City Hall

The PACC Vocal Group gave an outstanding performance at Montréal's City Hall to celebrate the launch of Adult Learners Week. On February 4, the audience was awed by the group's rendition of Abba's "I Have a Dream", Valdéri's "Le Joyeux Promeneur" and "Amazing Grace". The latter was sung in tribute to the late Patricia Rodler, Educational Consultant at PACC Adult Education.

The PACC Vocal Group, directed by PACC Adult Education student Cleopatra Marshall, comprises 20 members, including both students and teachers. They celebrate PACC Adult Education's diversity by singing songs in English, French and Spanish.

"They are a talented, powerful force," says Centre Director, Ann Moran. "You can't help but be touched when you hear them sing." This was certainly the case at City Hall when several members of the audience were moved to tears by the performance.

This year, Adult Learners Week will be held between March 28 and April 3. It is a wonderful opportunity for adult and vocational centres, as well as the rest of the community, to encourage adult learners and promote lifelong learning. The Lester B. Pearson School Board will show its support of Adult Learners Week with its annual celebration at Head Office on April 2. Everyone is invited to attend. Hats off to all adult learners!

Shiela Sachdeva
Educational Consultant - PACC Adult Education

New Year's Celebration at Margaret Manson School

This January, Grade 3 students at Margaret Manson School learned about the Chinese culture, including Chinese New Year, which is the most celebrated of holidays. The classes were decorated with gold and red streamers, balloons, lanterns and a colorful lucky dragon. The students learned that it is the Year of the Ox, and found out the sign and traits for each of their family members. They were interested to learn what it meant to be a dragon or rabbit, as these were the signs of the students born in 1999 and 2000. The classes have a mix of fortunate, well-respected children who can be daydreamers, and energetic, honest, brave boys and girls who can be stubborn. Their teacher was relieved to learn that she did not have two groups of stubborn daydreamers!

All the students gave up their casual sports clothes and dressed up for our New Year's celebration. A Chinese luncheon was ordered for the students and special guests, Miss Lily Wang, and Miss Lin, of the West Island Chinese School, came to meet the students. Our guests recounted the myth of how the New Year's Celebration began and gave us all a greater insight into the traditions and symbols of the Chinese New Year's Celebration. We had a wonderful time and appreciated that our guests put time aside in their day to visit our school. Thank you!

Lucy Rinaldi

Guests from the West Island Chinese School, Miss Lily Wang and Miss Lin, with Grade 3 students, Ashley Hum and Kiara Lancing

Beurling Academy's "Valentines for Vets" Project

Secondary 1 and 2 students in the Ethics and Religious Culture classes participated in a "Valentines for Vets" project offered through Veteran Affairs Canada. Our Juniors expressed their appreciation to our Veterans as they created close to 300 hand-crafted Valentines which were mailed to Charlottetown, PEI, and which will be distributed to Veterans in long term care facilities across Canada. This initiative provides an opportunity for educators to discuss the accomplishments and sacrifices of our Veterans with Canadian Youth.

*Tamara Beach
Cycle 1 ERC Teacher*

Riverview 5th Graders Welcome Holocaust Survivor

Grade 5 students spent a few months studying the Holocaust and learned about the persecution of various groups of people from 1939-1945. They examined the killing of 6 million Jews and other groups that were sent to concentration camps. The students were fortunate to have a survivor of the holocaust, Mrs. Eva Kuper, visit them and give her personal story of how she survived life in “The Warsaw Ghetto”. Mrs. Kuper was impressed with the knowledge and sensitivity with which the students received her and asked questions. It was an experience that impacted the students and put a face on a subject that is so difficult to comprehend. We are proud to say that the grade 5 Riverview students have learned how intolerance can lead to hatred and that differences in others should be celebrated and respected.

Illya Mitsopoulos

Celebrating Valentine's and a Special Friendship

Today I took the elevator with Sammy while his Aide, Allison Provost took the class down to the library. I had some serious questions for Sammy. I wanted to know what made his friendship with Gabriel so special. Sammy needed a little time to gather his thoughts and then said, "He listens to me." Bringing the two friends together to satisfy my curiosity, Gabriel shared the story of how he was lonely and had no friends to play with at recess in Kindergarten, and one day decided to join Sammy for a game of soccer. This wouldn't be so unusual except that Sammy has Spinal Muscular Atrophy and has been in a wheelchair most of his life. A game of soccer brought two friends together and the disability disappeared from their thoughts.

Gabriel confesses that he worries that maybe one day Sammy will have another best friend. They said that they share ideas and thoughts about their favorite sports and activities which are different, and they even admitted that sometimes they argue. "Like real friends," I reminded them.

Sammy is in Grade 3 at Margaret Manson School. Continuing a tradition that started three years ago for Valentine's, the school celebrated Sammy C.'s Day with a Giant Cake and Sammy C.'s Day Concert on February 12. This is a fund-raiser for Families of Spinal Muscular Atrophy. There were chosen speakers from Sammy's class

who reminded their audience of how knowing Sammy had made a positive difference in their lives. "We will go towards instead of walking away from someone with a disability. We will get to know that person before making up our minds about them. And we will count on them as a friend and hope that they will consider us a friend."

The students of Sammy's class were excited and proud to address the student body and speak about what Sammy's special day meant to them. As I watched and listened to Sammy's "best" friend, I could not help but sense a genuine bond between these two young boys. Everyone should remember at least one "best friend" from elementary days. Everyone should have at least one unforgettable happy memory from grade school. What we are trying to create at Margaret Manson School is happy memories that celebrate the best of what we have to offer - our caring, compassion and friendship.

This year, the principal, Mrs. Thompson held a very popular Teddy Bear Raffle and raised over five hundred dollars. The secretary, Mrs. Couto, who is passionate about baking, got the support of the whole staff and raised almost double that amount with a cookies and chocolate exchange. Mrs. Major, the Daycare Coordinator, contributed by offering a menu of homemade soups for students and raised an impressive nine hundred dollars. I was able to sell donated jewelry and raised over six hundred dollars. Each of the four hundred and

twenty students received a piece of Sammy's Giant Cake and a seat at the afternoon concert. Each family was encouraged to donate an amount of their choosing to our fundraising efforts.

In the afternoon, one hundred shiny, heart-shaped balloons were a backdrop for former M.M. graduate and young Québec singing star, Marco Bocchicchio who dedicated, "Because You Loved Me," to Sammy and his loving mom, Rosa. Marco then wowed his audience with, "Oh Happy Day!" We are so grateful to Marco for taking the time to prepare and be part of this special event at our school. Thank you, Marco!

Following his wonderful performance, Marco invited Rhythm and Blues artist Carl Henry, an established Montréal performer to the stage. Snapping their fingers, clapping and swinging to the unique sound of this Jamaican singer, everyone was invited to get up and dance. New teachers to Margaret Manson, Jennifer Shatilla and Shelly Katz, said that they were touched and moved by the whole celebration.

Whether we are raising money for schools in Africa or for a cure for Spinal Muscular Atrophy, we nurture global citizenship as part of our school culture at Margaret Manson School. In the past four years, the Margaret Manson Community has raised over thirteen thousand dollars to donate towards a cure for Spinal Muscular Atrophy. One day, when a cure is found, this community will have been part of that great discovery which will be shared throughout the world.

Remember to move your life from intention to action, and you'll never imagine what you can create : possibly a life-long memory of an unforgettable day at school.

I dedicate this article to Sammy and Gabriel. May the bond you've created so early in your lives, continue to fill your hearts with joy and happiness. Thank you for being a wonderful example of true friendship. I also dedicate this article to Sammy's Aides, Allison Provost and Maria Sciortino, his Student Supervisor, Mrs. Lorraine Williams, and his French Teacher, Mrs. Renée Breton, a great teaching partner and wonderful teacher.

*Lucy Rinaldi
Grade 3 Teacher*

Technology and our World

Grade 6 students at Children’s World Academy are inquiring about how developments in technology may impact humanity for their exhibition this year. More specifically, they are examining how people communicate and connect through technology, how technological changes affect humans, the structure and functions of organizations and how economic activities and the environment may be affected. In order to spark students’ interest, a Symposium Day was held on Thursday, January 22, hosting 9 professional guest speakers. These guest speakers represented different fields of technology such as communication, robotics, aeronautics, environment, transportation and entertainment.

Our guest speakers sparked the students’ curiosity and prompted student- initiated questions about the world of technology that surrounds them.

The CWA students and the community are looking forward to the exhibition on technology that will take place on Wednesday, February 25 from 3:30 to 6:30 pm in the school gymnasium.

Putting Bullying Out Of Business at Sunshine Academy

Sunshine Academy is fortunate to have received a grant from The Alex & Ruth Dworkin Foundation, which has enabled the students to receive anti-bullying workshops from DM Family and School Services. The workshops are directed at increasing social competence and decreasing bullying behaviors so that our children are provided with a safer environment in which to learn and play.

*Marie Wahba
Principal*

Career Day at Greendale

Greendale Elementary School was host to a Career Day on Friday, January 30. Nancy Battet and Julie Royal, Community and Partnership Liaison, helped organize the event with Grade 6 teacher, Myriam Boffice. Guest speakers from the field of Law, Medicine, Aviation, Engineering, Theatre and Sports spoke to the students about their own careers and many other options in their areas. The students had many important questions answered by these experts. It was an exciting event! Greendale hopes to offer a similar presentation in the evening for parents in the future!

REPORT FROM THE CHAIRMAN OF THE BOARD

COMMUNITY MESSAGING SYSTEM

The first messages have been delivered! Over 23,000 calls to more than 33,000 people were made on February 11, 2009. Approximately 20,000 calls were sent in English and the balance of 3,000 calls was sent in French. All calls were completed in less than 20 minutes with the vast majority successfully completed in the first 10 minutes.

The overwhelming majority of responses has been positive. There is no doubt that the new system provides a fast, efficient, and effective way to reach our various communities and stakeholders with accurate and timely information. Reaction from the media and from other school boards in Québec has been so positive that a number of organizations, both in Québec and elsewhere have started investigating this communications tool.

Even so, there are some who are questioning the investment and the security of the system. If every school uses the system only 2 times per month and the Board uses the system only 4 times per year, over 750,000 contacts will be made at a cost of approximately 10¢ each. We expect the system will make many more than 1-million calls each year as access is extended to teachers and others for individual class or sport or program usage, lowering the cost even further. It must also be considered that as our schools gain confidence in this system, there will be fewer notes sent home. That means hundreds of thousands of sheets of paper saved every year. It also means a lot less photocopying. Both of these will have a very positive ecological and financial impact.

In terms of security we took considerable time checking all aspects of security. There have been questions raised about the US Patriot Act and, of course, security breach (hacking), the most likely potential cause of problems.

Following is a report prepared by an independent legal counsel following our inquiries with Connect-ED. We are convinced that these will answer most questions. A copy of this letter will shortly be available on the Board's website.

1. We have reviewed the Patriot Act legislation and history extensively. Even if US authorities wanted information on a Canadian school, since 1990, there has been a mutual law enforcement treaty under which U.S. authorities can obtain data through Canadian law enforcement, and vice versa. Disclosures under this treaty are permissible under provincial privacy laws. Canada and the U.S. also have other longstanding treaties and other agreements to assist one another on investigations and which law enforcement agencies in both countries rely on to conduct their investigations. Under various Canadian federal and provincial laws, it is entirely permissible for Canadian law enforcement to access business records for investigative purposes and not raise the privacy compliance concerns for our Canadian clients. The fact that there is a well-established way for U.S. and Canadian law enforcement to cooperate in a way which is fully compliant with privacy laws is commonly overlooked.
2. Since the passage of the Patriot Act, neither NTI nor Blackboard has ever received a Patriot Act request for *any* client, U.S. or non-US.

3. US authorities are highly unlikely to be interested in Connect-ED type data.
4. British Columbia and Nova Scotia are the only provinces with prohibitions against hosting data outside of Canada.
5. In the other provinces and territories, decisions to use services hosting outside of Canada are made by the institution and will be determined by the institution's practices and policies. But there isn't a prohibition preventing them from doing so. Public bodies just have to ensure that personal information entrusted to a service provider in the U.S. of receives equivalent protection to the Canadian Federal **Personal Information Protection and Electronic Documents Act or the Provincial equivalent.**

To help alleviate any other concerns about data security below are listed the security protocols that Blackboard Connect takes. They are:

- encryption
- access controls (such as through *IDs* and passwords)
- security of physical plants
- firewalls/server intrusion detection systems
- use of private networks to process data
- independent security audits
- procedures for retaining and destroying data
- confidentiality agreements with employees
- comprehensive pre-employment screening and background checks of all employees

Feb. 18, 2009

The above opinion and information has been prepared by independent legal counsel on a mandate from Connect-ED, as requested by Lester B. Pearson School Board.

WEBCAST AUDIENCES GROWING

We are excited about the growth in viewership (not yet *American Idol* stats) of our various webcasts. The Council meetings are averaging about 200 viewers per meeting with several hundred more viewing each meeting in the days and weeks following the meetings. Our Town Halls have been viewed by about 1200 individuals and they have made about 3500 archive requests. The webcast of the Community Messaging System launch press conference has been viewed by over 400 individual users.

We know that if there will be Major School Change consultations that the number of viewers will increase even further. Our goal in installing this system was to increase access to the workings of the Council and to share some of the major events of the Board with many more people. This was a goal established by the Council for 2008/2009 and we believe that we have met, and surpassed, our goal.

Look for more improved and increased communications in the coming months.

COMMISSIONER OUTREACH

People probably know the name of the Prime Minister and Premier and may know the name of their Mayor. They probably do not know the name of their MP, MNA, or Municipal Councilor. It is unlikely that they know the name of their elected school board Commissioner. This must change. School Board Commissioners have the mandate to make major decisions and to spend a lot of taxpayer money. The LBPSB has an annual budget of approximately \$250-million per year. While most of those funds go to people-related costs, the decisions of Council impact staffing, programs, facilities, and every other aspect of the Board's operations. We want you to get to know the people who have the mandate to make those decisions. In that regard we are taking two steps to improve Commissioner Outreach.

The first will see two Commissioners per month featured in the *Pearson News*. Each will have a ½-page to tell you about them or about an issue of importance to each. The second will see a new and improved Commissioner page on the Board's website. Each month each Commissioner will be able to write an article and post it to their individual page. These articles could be about local or board-level issues and may be updated once a month. You should see the first of these two new initiatives (in the *Pearson News*) starting next month. The new Commissioners' web pages will be ready before the end of the school year.

WELCOME MONTREAL IMPACT

February 18 saw the launch of the partnership between the LBPSB and the "All the Way with the Impact" program. A launch press conference was held in front of the entire student and staff body at St-Lawrence Sr. Elementary in LaSalle. Present were Impact Coach John Limniotis and star player #33 Adam Brax. Also, on hand were Commissioners, Senior Administrators, and other LBP representatives. Mario Barrette, LBP's Assistant Director of Community Services responsible for Transportation, did a great job as Master of Ceremonies.

The LBP is proud of becoming the latest partner in this program that encourages students to stay in school and to devote themselves to doing well in school. Both Coach Limniotis and player Brax told very personal stories about their lives and how education affected their lives.

Watch for exciting news about a special LBPSB day at an Impact home game this spring. Go Impact!

TOWNHALL FEEDBACK

We are receiving email feedback from the Town Halls that have been held in conjunction with our Future Direction reflections. We very much appreciate the time people are taking to share their thoughts with us. If you want to add your input please send an email to: Townhall@lbsb.qc.ca

PURCHASING POLICY CONSULTATION

With the adoption by the Québec government of new rules regarding the purchasing process by public institutions, the LBPSB Purchasing Policy needs to be updated. The Board's Executive Committee was charged with the responsibility of reviewing the policy and proposing any changes that may be necessary. The Council has now approved for consultation the proposed revised policy. Each school and centre should receive a copy of the consultation during the week of February 23. Responses are due back to the Board by April 30 with the Council looking to adopt a revised policy at the regular June meeting.

Commissioners' Phone Numbers

Below is a list of Commissioners along with their home telephone numbers and school board locals.

Ward	Communities	Commissioner	Home Phone #	422-3000 Local
