As schools and society become more inundated with digital technology, there needs to be a structure that enables them to teach students how to act with respect to this technology (Ribble & Bailey, 2007).
Nine Elements of Digital Citizenship

- Digital Commerce
- Digital Access
- Digital Health and Wellness
- Digital Etiquette
- Digital Rights and Responsibilities
- Digital Security
- Digital Law
- Digital Communication
- Digital Literacy
Strategic Plan

- **Direction 2**: Fostering and Supporting a Commitment to Professional Growth for All
  - Objective 3: To increase the amount of integration of information and communication technologies (ICT) as a tool to empower students and educator to more efficiently create and manage productive learning environments

- **Direction 4**: Promoting Wellness in a Safe and Caring Community
  - Objective 1: To develop a culture of pride in and respect for our environment
  - Objective 3: To provide a safe, secure, healthy and welcoming environment
