Section 1 – Introduction

On July 1, 1998, linguistic school boards were formed as part of a wide reform of the educational system in Quebec and the Lester B. Pearson School Board (LBPSB) was created to serve the Montreal communities from Verdun to the Ontario Border. As stated in A New Direction for Success, a publication of what was then called the Ministry of Education of Quebec (now called the Ministry of Education, Post-Secondary Education and Research): “The purpose of this reform is to give schools more responsibility so that they can better adapt their teaching and organization to the needs and characteristics of their students.”

Governing boards were created that year as part of the decentralization of powers to schools. They have, in essence, taken the place of orientation committees and school parent committees, but with increased power. They bring together parents, school staff, senior high school students and community members who work in partnership towards a primary goal of making decisions that benefit our students.

This is the online edition of the manual. It contains information in accordance with the provisions of the Education Act and the Basic School Regulation. Links to the Education Act appear throughout the document. Links to the Basic School Regulation appear where warranted.

The governing board manual is intended for administrators and all governing board members. We hope that you will find it useful.

What is a Governing Board?

A governing board is a representative body established in each school according to section 42 of the Education Act. It is composed of the parents, teachers, representatives of both the non-teaching professionals and support staff, day care (elementary), students (cycle II high school), representatives from enterprises which, in the case of a vocational training centre, operate in economic sectors corresponding to the vocational education programs offered by the centre and community representatives who work in partnership to ensure that all students receive the best possible learning opportunities. The school principal/centre director attends governing board meetings but is not a member and is not entitled to vote.
