Consultation by the School Board

In addition to the functions and powers outlined on the previous pages, the school board must consult the governing board on two items (s. 110.1), namely:

• the amendment or revocation of the deed of establishment of the centre, i.e., closure. The deed of establishment, prepared by the school board, includes the name and address of the school and the level(s) of instruction. It shall also state the cycle or, exceptionally, the part of cycle of the level of instruction concerned

• the selection criteria for the appointment of the centre director (The governing board members are not involved in the appointment but must have the opportunity to submit a description of the characteristics, qualities and experience that they judge to be essential in an administrator for their school)

The governing board also advises the school board on certain matters (s. 110), namely:

• any matter the school board is required to submit to it

• any matter that may facilitate the operation of the centre

• any matter that may improve the organization of services provided by the school board.
