Policy on Major School Change

Major School Change requires a consultation process that, amongst other things, may lead to school closure(s) or changes in the level of instruction within a school, the amendment or revocation of the Deed of Establishment of a school and changes to the Board’s Three-Year Plan of Allocation and Destination of its Immovables.

In keeping with sections 40, 79, 193, 211, 212 and 217 of the Education Act (Addendum B), the Board consults the Governing Boards of each of the affected schools as well as the Central Parents’ Committee, the Sector Parents’ Committees and municipalities. Under our Board’s Policy on Major School Change, this consultation document is also made available to an even broader group of consultative partners.

It is important to note that solutions proposed by one school/centre community may be used, with modifications where appropriate, to resolve a situation in another school/centre community. For this reason, access to copies of all briefs received is made available to all consultees on the Lester B. Pearson School Board website and at all of our schools/centres.

1. Following receipt of initial enrollment projections for the following year, the Administration shall study said projections together with the population projections, education program requirements, financial constraints and any other matters which may affect the pupil place needs of the system.

2. Each year at the March Council meeting, but no later than March 30th, the Lester B. Pearson School Board shall, by resolution, name any school for which it proposes to institute a change, effective at the end of the following school year, consisting of any of the following:
   - Closure of a school
   - Changes to the level of instruction provided by a school, or to cycles or parts of cycles of the level of instruction, and on the cessation or addition of preschool education services provided by a school
   - Change to the school attendance zones
   - Changes in school programs mandated by the School Board
   - Change in the use of a school building

   and/or when any of the three following changes affect a minimum ten (10) percent of the current student population of any school:
   - Change to the school attendance zones
   - Changes in school programs mandated by the School Board
   - Change in the use of a school building

3. The resolution shall specify the dates for the consultation period, public consultation meetings and the date of the Council’s final decision. It shall be accompanied by the full documentation necessary for consultation with the Lester B. Pearson School Board’s consultative partners, to be made available no later than ten (10) days after the resolution has been passed. The documentation shall include the name of a school board administrator responsible for dealing with requests for additional information.
In addition, an in-camera meeting will be held, prior to the March Council of Commissioners Meeting, with members of the Central and Sector Parents’ Committees, representatives of the Governing Boards and Central Students’ Committee, and the Administration of the school(s) named in the consultation, to advise them of the concerns of the Board which have led to their school(s) being named for a Major School Change consultation. Representatives of other schools’/centres’ Governing Boards may be invited to this meeting.

4. By April 1st, a public notice will be issued announcing the start of a Major School Change consultation. The public notice will state the date and location of the public consultation meeting(s). This public notice will be published as follows:
   a. in a metropolitan daily newspaper, by April 1st, and then once again approximately three weeks prior to the date of the public consultation meeting required by Article 212 of the Education Act (see Addendum B);
   b. on the Board website at www.lbpsb.qc.ca; and
   c. by a copy of the notice to be posted at every school/centre within the School Board.

5. Following the March Council meeting, the consultation process respecting the Major School Change Timeline shall be launched with the Governing Boards, parents and adult students of the schools/centres which might be affected, the neighbouring schools, the Central and Sector Parents’ Committees, the Central Students’ Committee and municipalities. As decided by the Council of Commissioners, consultation with other Lester B. Pearson School Board consultative partners may or may not be launched at the same time. However, all consultative partners shall receive notification of the consultation, including relevant information on the project, particularly its budget and educational impact, and how additional information may be obtained.

6. During the month of April, the consultation shall include an information meeting between representatives from Board Administration, the Council of Commissioners, Parent Committees, Governing Boards and parents of the school(s)/centre(s) which might be affected, Central Students’ Committee, municipalities and interested members of the public.

   During the months of May and June, the Governing Board(s), Parent Committee(s) and other consultative partners may request Board representation at local meetings.

   A meeting will be held by the end of the first full week of October with members of the Central and Sector Parents’ Committees, representatives of the Governing Boards and Central Students’ Committee and the Administration of the school(s) named in the consultation, to provide them with updated data and information concerning Major School Change. Representatives of other schools’/centres’ Governing Boards and other consultative partners may be invited to this meeting.
Policy on Major School Change

7. Briefs prepared by consultative partners should be sent to the Secretary General no later than October 31\textsuperscript{st} of the same calendar year, and will be made available for review to interested parties on the Board website at www.lbpsb.qc.ca, in the Community Services Department at the Head Office of the School Board and, by appointment, in the schools/centres by November 7\textsuperscript{th}. This does not preclude any participant from responding earlier or from submitting more than one brief prior to the October 31\textsuperscript{st} deadline.

8. A public consultation meeting shall take place on or before November 20\textsuperscript{th}. At that meeting, the consultative partners shall have the opportunity to present their comments, questions and concerns to the Council of Commissioners.

9. The final decision shall be made at a meeting of the Council of Commissioners to be held no later than January 15\textsuperscript{th}, prior to the registration period. Where possible, the decision will be made during the Council meeting in December.

   An in-camera meeting will be held, prior to the Council of Commissioners Meeting, with members of the Central and Sector Parents’ Committees, representatives of the Governing Boards and Central Students’ Committee, and the Administration of the school(s) named in the consultation, to provide information and to preview the proposed recommendations being considered by Council.

10. No later than January 22\textsuperscript{nd}, School Board representatives will convene a meeting, if requested, with members of the Central and Sector Parents’ Committees and representatives of each school's/centre’s Governing Board affected by a Major School Change decision, to discuss the anticipated changes to the school's/centre’s student population due to the decisions taken by the Council of Commissioners.

11. The timeline, as specified below may be modified, within the limits of the Education Act, with the approval of the Governing Boards of the affected school(s).

The policy must include a public consultation process, to take place prior to any change, that must provide for
