

## Part-Time Teacher - Electricity

### **Description:**

Pearson Electrotechnology Centre's (PEC) Electricity Department seeks a qualified candidate for a part-time teaching position in the program. The program prepares students to enter the job market in the Electricity industry. Graduates obtain a *Diploma in Vocational Studies (DVS)/Diplôme d'études professionnelles (DEP)*. [The Pearson Electrotechnology Centre \(PEC\)](#) is an English professional technical training centre which offers the following programs:

- [Installation and Repair of Telecommunications Equipment](#)
- [Electricity](#)
- [Computer Support & Networks](#)

### **Interested candidates must have:**

- DEP in Electricity or College education in industrial electronics technology
- Licensed Electrician (preferable)
- Health and Safety ASP Certification
- A minimum of five years Canadian experience in construction or industrial electricity
- Extensive knowledge in interpreting electrical plans and electrical codes. For more information on the modules taught in the program, please visit the following website:  
<https://www.inforoutefpt.org/progSecDet.aspx?prog=5795&sanction=5&langue=en>
- Proficiency in applicable computer programs and related office software
- The ability to work day and evening classes
- Strong communication skills and the ability to collaborate with a team

### **Responsibilities include:**

- Observe and evaluate students' work to determine progress, provide feedback, and make suggestions for improvement
- Plan course content and method of instruction
- Select and assemble materials, supplies, and equipment
- Correct and grade final examinations
- Plan, organize, and supervise the class in such a way as to promote student learning
- Enter daily attendance in database

Please send an email to [twhite22@lpsb.qc.ca](mailto:twhite22@lpsb.qc.ca) including a letter of application indicating why you are interested in this position along with your CV addressed to:
