

## **New to Daycare/Lunch Program Services Registration online for 2021-2022**

Dear Parents and Guardians,

Your Daycare is introducing a new system to register your child to either Daycare or Lunch program for the 2021-2022 school year.

Instead of completing your registration form through Fusion, as in past years, registration will now be available to complete online through the Mozaïk parent portal. You will receive an email from your school in the next week with instructions on how to proceed.

**Only** grades 1-6 elementary students that have re-registered for school will have access online through Mozaïk parent portal to register their child for either Daycare or Lunch program. All others will need to request a paper copy from their school. A paper (hard copy) registration form will be sent next month for Kindergarten (K4-K5). More information will be sent by the Daycare Technician of your school, shortly.

We thank you in advance for your collaboration.

Sincerely,

Johanne Levac  
Daycare Manager - Education Services Department
