January 2021

Dear Parents:

Welcome to Clearpoint Elementary IB World School!

We know that you have come to our Virtual Open House because you are in the process of making a decision critical to your child's educational, emotional, intellectual and social development. We know that you would like to find out more about Clearpoint Elementary, and we are truly pleased that you have taken the time to visit our Open House page. We hope that you will **join our on-line Q & A zoom session** to find out more about our outstanding school.

We understand that choosing a school that will fit your child's needs is not easy. In order to help you with that very important decision, we want to provide you with as much information about our school as possible so that you can make the best choice for your son or daughter.

What Does Clearpoint Offer?

Clearpoint IB World School is one of two elementary schools in the Lester B. Pearson School Board currently authorized by the International Baccalaureate Organization (IB) to offer the Primary Years Programme (PYP). This program of inquiry is organized into a number of thematic units that are covered over the course of the school year. We are extremely proud of our program and the educational experience it provides to our students.

Our dedicated, experienced staff is committed to giving your child the best educational opportunity possible. They are dynamic and energetic, caring and patient, and work together with a large group of devoted volunteers. The end result is a community school that provides an unparalleled learning environment.

We have worked very hard here at Clearpoint to establish a strong reputation for our academic program, for enrichment, for our extra-curricular activities and for the welcoming atmosphere. We believe in what we have created and are convinced that you will too. As part of our Virtual Open House, we will be making ourselves available to answer any questions you may have as part of a zoom session – details regarding how to access this session will be available on the site you are visiting. We hope to see you at the zoom Q & A, and hope to see you in person at Clearpoint very soon!

Warmly,

David Estok,
Principal
