December 31, 2021

Dear LBPSB employee,

We hope you found some time to relax over the holiday break and spend quality time with your families.

We are beginning the new year with yesterday's major announcements by the Quebec government regarding the introduction of several new measures designed to control the ongoing surge in Covid-19 cases.

As part of these measures, all in-person learning at LBPSB elementary schools, high schools and adult/vocational education centres is now set to resume on January 17th instead of January 10th. For vocational education, some in-person activities will be permitted prior to January 17 (more information will be provided by centre directors on Wednesday, January 5). Our operations will resume as scheduled on January 5th as we prepare for remote learning for students.

Also, until further notice, the government has prioritized working from home whenever possible.

Please note that schools/centres will be open to employees on Wednesday, January 5th for those requiring network/building access or for specific school/centre needs related to the current situation. Staff should anticipate direct communication from their principal/director. Should you not be required on site, you are encouraged to arrange to work remotely. Head Office employees should anticipate communication from their immediate supervisor regarding their particular circumstances.

As well, the Quebec government has introduced a curfew that will be in effect from 10:00 p.m. until 5:00 a.m. effective today, Friday December 31st. Any employee whose duties require them to be at work while the curfew is in effect should contact their immediate supervisor to ensure they have the necessary paperwork.

We thank you for your patience and understanding as we continue to do everything possible to ensure everyone's health and safety.

Lester B. Pearson School Board Administration
