January 19, 2022

Dear LBPSB parent/guardian,

In a communication sent to you on January 14 we informed you that we would no longer be communicating positive COVID-19 cases in a school, with an automated message, as we have been since September 2020. We promised to follow up with a new tool that could be used to help keep you informed. As such, a new system of communication has been developed for the LBPSB community.

Parents are now able to login to their Mozaik Parent Portal accounts for a summary of COVID-related absences at their child's school. This tool is called "COVID Case Reporting" and can be found in the "Resources" section of the account.

The absence number provided will be a tally of the following COVID-related items:

- Students who are absent after a positive rapid test
- Students who are absent with COVID-19 symptoms
- Students who are absent on household isolation

The report will be broken down by grade level and it will be updated at 4:00pm, daily.

Thank you.

The administration of the Lester B. Pearson School Board
