## BACKGROUND

This document defines the roles and responsibilities of the Lester B. Pearson School board (LBPSB) in supporting home schooling families registered with the Ministère de l'éducation du Québec (MEQ), Direction de l'enseignement à la maison (DEM).

At the end of this document there are links to request forms for parents/guardians to access books, facilities, and consultation with other student support services within the LBPSB.

As required by the Regulation on Homeschooling, a parent/guardian of a homeschooled child must officially register with the MEQ and submit a Learning Project detailing the education plan for their child.

## LEGAL AND REGULATORY FRAMEWORK

### a. Education Act and Homeschooling regulation.

For more information on the ministerial policy, visit the MEQ home schooling web site:

<http://www.education.gouv.qc.ca/en/school-boards/support-and-assistance/homeschooling/>

**b. Act Respecting the National Student Ombudsman.** The Complaint Process applies to homeschooled students and their parents – see the Complaint Process webpage

<https://www.lbpsb.qc.ca/parents-and-community/complaint-process/>.

### c. All LBPSB applicable policies and by-laws:

<http://www.lbpsb.qc.ca/council-of-commissioners/policies-and-by-laws/>

## KEY TERMS

Learning Project: The child's educational plan prepared by the parent/guardian in collaboration with DEM staff and approved by the MEQ.

Books: School textbooks and instructional materials are available according to the specific subjects, the applicable regulation and the conditions determined by the School Board.

Child: This means specifically a child registered with the School Board as a Homeschooled student as defined by the Education Act (EA) at s. 15(4) and who is of school age, as defined in Sections 1 and 14 of the EA. Also refer to the Basic School Regulation for Preschool, Elementary and Secondary Education (BSR).

## PRINCIPLES

The parent may borrow books from the LBPSB for their child as described by the EA and the applicable regulation, as well as receive the services determined in this document subject to availability, as per this handbook and the EA.

Parents/Guardians or accompanying adults do not have access to services not outlined in this document.

## ROLES & RESPONSIBILITIES

### LBPSB

- Directorate – The Directorate is responsible for the implementation and application of this handbook, in collaboration with the Educational and Student Services Departments.
- Educational & Student Services Departments – Both departments are responsible to evaluate the requests for textbooks and resources to support the child according to each department's structure, as well as the resources or personnel available.
- Admissions Department – The Admissions Department is responsible for the admission and declaration of the child.
- The parent/guardian of a child benefiting from the services provided by the LBPSB is responsible for respecting the provisions set out in this handbook as well as the Code of conduct for parents/ guardians / visitors<sup>1</sup>.

### PARENT/GUARDIAN

The parent/guardian assumes all responsibility for the education of their child. They understand that:

  - Parents/Guardians cannot accompany their child into a LBPSB School, nor can they send a designated adult in their place, unless their presence is specifically requested by a School Board employee. In such a case, the presence in the school is limited to the specific activity for which their presence is required.
  - All students entering an LBPSB school are accompanied by an LBPSB employee – for homeschool children this is an ESD consultant. The Code of Conduct and the school rules will be respected<sup>1</sup>.
  - Parents/ Guardians acknowledge that the child will not be taught by the consultant; any school staff present is there to ensure that the equipment is being used safely only.
- 3) If Student Services are required, the appropriate form is completed, and the process explained in this document is followed. See Addendum 1 at the end of this handbook for the link.
