## 1. INTRODUCTION

The School Board recognizes that effective learning experiences often result from first hand observation of, and participation in, events or activities that take place off school premises.

Extracurricular activities and field trips shall be linked to the education received by the students and take into consideration the school's educational project. They should have instructional or educational purposes, which may include the following:

- The promotion of academic, social and personal growth
- The participation in athletic activities
- The promotion of cultural awareness
- The participation in recreational activities.

Extracurricular activities and field trips should be inclusive and enhance the provision of aesthetic, cultural, intellectual, spiritual, athletic and social experiences.

## 2. OBJECTIVE

This policy aims to provide Governing Boards, administrators and all other school personnel with guidance related to extracurricular activities and field trips that take place off school premises.

## 3. LEGAL CONTEXT

3.1 This policy applies to all extracurricular activities and field trips which take place at any time throughout the calendar year, under the direction of the school, off school premises, including those associated with a school's daycare (hereinafter referred to as "activity"). When it is expressly indicated, this policy will also apply to activities involving minor students that are organized by a vocational training centre.

3.2 In accordance with the Education Act (section 87), the school's Governing Board is responsible for approving extracurricular activities and field trips as proposed by the administrator. Only activities which are covered by the risk management plan of the *Comité de gestion de la taxe scolaire de l'île de Montréal* may be approved (Addendum B).

3.3 Governing Board may provide a blanket approval for each academic year, for the following activities:

- Activities taking place in parks and playgrounds in close proximity to school property
- Trips between two campuses of the same school
- Work study, community service and career explorations
- Tournaments, including debating, public speaking and sporting events
- Greater Montreal Athletic Association (GMAA) events

- Board-sponsored activities such as career days or leadership activities
- Activities organized by the school team related to the learning programs of individual students, such as life-skills outings.

In all cases, the Governing Board will determine whether approval is required only once, or more often as needed. The Governing Board can also determine if a single Authorization for School Activity Form (Addendum D) is required for multiple blanket approved activities. Nonetheless, these activities are still subject to all the rules and procedures outlined in this policy.

- 3.4 The school/centre has a responsibility to inform parents of minor students of the activity and provide all relevant information.
- 3.5 The parent has the responsibility to determine if the activity proposed by a school/centre is appropriate for his/her child. In all cases, a minor student will not be allowed to participate in an activity without prior authorization of his/her parent in compliance with this Policy.

#### **4. GENERAL RULES**

- 4.1 The administrator of the school/centre shall inform the staff and Governing Board annually about this policy and its application.
- 4.2 The administrator of the school/centre shall verify the links between the activity and the educational objectives.
- 4.3 The source of funding and method of transportation for the activity shall be made known and the cost shall be reasonable.
- 4.4 When a one-day activity takes place during the regular class schedule, the school/centre shall make every reasonable effort to ensure that no student is excluded for financial reasons.
- 4.5 When the activity takes place during regular class time and the parents refuse to give authorization, or when a student is excluded, the student is still required to attend classes and the administrator shall ensure that an appropriate in-school alternative is provided.
- 4.6 No student shall be penalized academically for not participating in an extracurricular activity or field trip.
- 4.7 In particular circumstances, a student may be excluded from participating should it be felt that their participation may compromise the safety/security of that child or any other participant.

## **5. ORGANIZATION OF THE ACTIVITY**

- 5.1 In planning the activity, the school/centre staff must pay special attention to:
- the pedagogical aspect
  - the program outline
  - the implication on the schedule and the school/centre calendar.
- 5.2 The school's administrator shall ensure that a request for approval be an item on the Governing Board's agenda. The approval must be in the minutes of the Governing Board's meeting and the Addendum C must be presented for signing to Staff Council Chair.
- 5.3 Approval must be given by Administration and the school's Governing Board before the Authorization for School Activity Form (Addendum D) is sent home and the activity takes place. As a minimum, the following information shall be provided to the school's Governing Board when approval is requested: educational objective, date and time, destination, grade level or class, cost to parents, supervision ratio, anticipated number of adults that will be required to supervise students with specific needs, method of transportation, additional rules of conduct and safety and security considerations, as applicable, and any other information contained in Addendum C.
- 5.4 The Extracurricular Activities and Field Trips Cover Page (Addendum C) must be completed, signed by the administrator and the Governing Board Chair and retained by the school for all day trips. Addendum C must be sent by the administrator to the Regional Director for all water activities and/or overnight trips. Following approval, the Regional Director will send the form back to the school.
- 5.5 A complete list of students participating in the activity will have been prepared at the school/centre level prior to the activity taking place, with one copy retained at the school/centre and one copy accompanying the organizer or supervisor of the activity. If multiple buses are used on the trip, rider lists for each bus must be prepared. This list is excluded as information to be provided to the school's Governing Board.
- 5.6 When busing is used, riders are expected to return on the same bus.
- 5.7 For trips outside Canada, schools and centres must follow the procedure outlined in Addendum I (Steps to follow for trips outside Canada).
- 5.8 Authorization for trips outside Canada will be cancelled if the Federal Government issues a travel advisory recommending that the destination be avoided.

## **6. COMMUNICATING INFORMATION TO PARENTS**

- 6.1 Once all approvals are obtained, an information letter shall be given to the parents, which shall include the following:
- A description of the activity, including date, grade level(s), place and time;

- The purpose of the activity – i.e. its connection to the curriculum, sports program, etc.
- All relevant information regarding the safety measures and the supervision that will apply during the activity;
- A description of all the specific skills that participants need to have for the activity;
- The name(s) of the person(s) who will be in charge;
- The means of transportation;
- The total cost per student and any amount covered by other sources;
- A list of the forms enclosed that the parent is required to complete including the Authorization for School Activity Form (Addendum D);
- If applicable, a warning that travel outside Canada is subject to cancellation should the Government of Canada issue a travel advisory recommending the destination be avoided.

6.2 The school/centre will determine the eligibility criteria for participation and the final decision rests with the administrator.

## **7. MEDICAL INFORMATION**

7.1 Parents are responsible to provide to the school/centre all relevant information pertaining to their child's medical and physical condition. Parents shall complete the Emergency Medical Treatment Form at the beginning of each school year. Parents are responsible for submitting a revised form should there be any changes in the medical information provided.

7.2 Original forms remain at the school. A copy is provided by the school and shall accompany the field trip/activity supervisor.

## **8. SAFETY AND SECURITY**

8.1 The trip leader must take all reasonable measures to ensure the safety and security during the activity and should review with the participants prior to the beginning of the activity the measures to be taken in the case of an emergency. Schools and Governing Boards should reference the LBPSB "Emergency Preparedness Procedure", in particular sections referring to extracurricular activities and transportation.

8.2 Regardless of the list of prohibited activities (Addendum B), it is expected that for every activity proposed, all parties will weigh the potential educational benefits of the activity against any foreseeable risk to participants.

8.3 The principles and guidelines established in the *Safety guide for certain sports and extracurricular activities*, published by the *Comité de gestion de la taxe scolaire de l'île de Montréal*, shall be considered as an essential reference for Schools and Governing Boards organizing and approving activities. In particular, the following rules shall apply:

- 8.3.1 All the appropriate security measures must be put in place in order to minimize foreseeable risks;

- 8.3.2 Appropriate supervision must at all times be provided to ensure the safety and well-being of the students participating. The ratios of adults/students are to be determined at the school level and may vary according to the age level, the skills of the students and the type of activity;
- 8.3.3 For all activities, special attention must be given to the training and capacity of each student;
- 8.4 Where carpooling is used, a Carpool Authorization Form (Addendum E) will be completed for each driver, including Board employees, prior to the activity taking place. A copy will be retained at the school.
- 8.5 In order to be considered as a driver for carpooling, candidates must adhere to the Criteria for Student Transportation (Addendum H).

## 9. INSURANCE

The administrator of the school/centre shall verify if the activity is covered by the school board insurer and not prohibited as per Addendum B. In the case of a trip outside Canada, the following procedure must be respected.

- 9.1 Prior to the organization of the trip, verification of Canada's travel advisory status must have been made on the website of Foreign Affairs and International Trade Canada at the following address: [www.voyage.gc.ca](http://www.voyage.gc.ca)

The destination visited must not be the object of a warning of the following type:

- “avoid non-essential travel”
- “avoid all travel”.

- 9.2 The completed form entitled “*Synopsis of a Trip Outside Canada*” (Addendum F), including a printed copy of the web page mentioned above, must be approved by the administrator and subsequently by the Regional Director. This form must be received by the *Comité de gestion de la taxe scolaire de l'île de Montréal* at least 60 days before the departure. Upon approval, the Regional Director will then forward it to the Board's Legal Department.
- 9.3 The web page confirming the status of the country must be printed 24 hours before the departure and must be kept with the documentation regarding the trip. The insurance is in force if the above-mentioned warnings do not appear.
- 9.4 Every participant travelling on school trips out of the country must purchase insurance for medical care and evacuation, and also for trip cancellation and baggage loss in the case of air travel. Trip organizers should reference Addendum I – *Steps to follow for trips outside Canada* for specific instructions regarding insurance procurement.

## 10. ACCIDENT REPORTS

If an accident occurs, the *Risk Management Plan Accident Report* must be completed and personal notes taken indicating all the circumstances of the accident. The administrator of the school/centre then submits the report to the school board. In the case of a transportation accident, the procedures outlined in Addendum G must also be followed.

## 11. DEPOSITS

Parents must be made aware via the initial field trip cover letter, if deposits are not refundable. The school board, or any of its establishments, is not responsible for any lost deposit.

## 12. TRANSPORTATION

When student transportation is involved in an activity, the rules stated in Addendum H must be respected.

## 13. MODIFICATION

To the exception of *Addendum A (Definitions)*, none of the addenda is an integral part of the present policy and can be modified without consultation.

## **ADDENDUM A**

### **Definitions**

**Extracurricular Activities:** are defined as school-sponsored events or activities that provide opportunities for students to develop and expand their interests, talents and service to the school and community and to participate actively in school life. These range from interscholastic sports to clubs, music and theatre.

**Field Trips:** are defined as school-sponsored, first-hand, educational experiences for students taking place off the school premises that supplement class activities.

**Administrator/Administration:** The administrator is the principal of a school or the director of a vocational centre.

## ADDENDUM B Prohibited Activities

For insurance purposes certain high-risk activities have been excluded from the coverage provided by the *Risk Management Plan* of the *School Tax Management Committee of the Island of Montreal* and are consequently prohibited in all school boards on the Island of Montreal.

### **Procedures in the Event of a Transportation Accident**

1. The following applies to all situations where a student is under the supervision of the Board or its delegate and is transported by bus or by car.
2. All accidents must be reported immediately to the school or, when the activity takes place outside regular school hours, to the organizer of the event.
3. When the report of an accident comes in, the school administrator or the organizer of the event, when the school administrator is not reachable, will notify the Regional Director and the parents.
4. In the case of a bus accident, the administrator (or the organizer of the event) will use the rider list(s) to notify parents or emergency contacts. If the location or condition of students is known, that information will be conveyed to the parents or emergency contacts.
5. The administrator (or delegate) will remain at the school while a Board representative, the administrator (or delegate) and designated staff may go directly to the site of the accident and/or to hospital locations. Those who go to the accident site or hospital locations will carry a copy of the rider list(s) with them.
6. When carpooling is used, all drivers must have the school's contact information to be able to report immediately an accident. If the activity takes place out of regular school hours, all drivers must have the contact information for the organizer of the event.
7. The procedure for responding to traumatic events will be initiated if necessary. Refer to the school Emergency Preparedness Plan.

## **ADDENDUM H**

### **Criteria for Student Transportation**

Transportation of 10 people or more, including the driver, must be:

1. By school bus or minibus complying with sections 7-36 of the Regulation Respecting Road Vehicles used for the transportation of school children. Among other things, these buses or minibuses must be of “chrome yellow” colour, and must have alternately flashing lights and an extendable stop sign (the conventional school bus);
2. By a carrier holding a chartered transportation license issued by the Commission des transports du Quebec (coach bus);
3. By more than one car used exclusively for student transportation according to contracts signed with the Board. These vehicles must show a board or lantern with the word “écoliers” (the conventional school sedan);
4. By public transit, according to usual safeguards.

Transportation of 9 people or less, including the driver, may be done in the same manner as above. In addition, the school may authorize transportation of students by volunteers (carpooling), while respecting the following:

1. The vehicle used must be able to hold at least 4 passengers and at most 9 passengers, including the driver;
2. An additional adult attendant must be present in any vehicle carrying more than 4 Elementary students in order to supervise the students and ensure good order on board.

All other applicable rules stated in the Student Transportation Policy must be respected.

## **ADDENDUM I**

### **Steps to Follow for Trips Outside Canada**

*Updated December 12, 2022*

#### **PLANNING**

- 1- Extracurricular projects must be developed in accordance with Policy 3.8 (Extracurricular and Field Trip Policy).
- 2- Verify with Foreign Affairs, Trade and Development Canada, [www.voyage.gc.ca](http://www.voyage.gc.ca) that the location you plan to visit is NOT the object of a warning such as: “avoid non-essential travel” or “avoid all travel”.
- 3- The LBPSB Administration continues to encourage student travel to be limited to Canadian destinations and is discouraging international travel, particularly outside of Continental North America.
- 4- In all cases, only trips to the following locations are authorized (for reasons related to the school boards’ liability insurance)
  - Canada
  - United States
  - Countries of the former EEC (Belgium, Denmark, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Portugal, Spain, United Kingdom).
- 5- Create your trip project package. It must contain:
  - Project name
  - Full name and title of the person responsible for the project
  - 2 quotes from pre-approved travel agencies (see below)
  - Proposed departure and return dates
  - Destination and proposed itinerary and activities
  - Estimated number of participants
  - Description of participating group (age, grade level)
  - Description of the measures planned to manage COVID situations (COVID Protocol form)
  - Any other pertinent information (i.e. Type of group: classe d’accueil, special needs, music class, etc.)

#### **APPROVAL**

- 6- The project must first be approved by the Principal, the school’s Governing Board and the Regional Director in compliance with the Extracurricular and Field Trip Policy (refer to Addendum C for a list of documents to provide). The forms entitled “Synopsis of a Trip outside Canada” (Addendum F), “Covid Protocol” (Addendum K) and “Parental Consent to a Trip Outside Canada” (Addendum L) must be completed and added to the documents to provide for approval;

#### **TRAVEL AGENCIES**

- 7- Consult the list of **approved travel agencies** in order to find the one best suited to your needs. The list is available at: <https://fusion.lbpsb.qc.ca/secretariat/public/files/> (folder “Trips Outside Canada”).  
Visit each agency’s website and don’t hesitate to contact them to obtain more info: possible itineraries and the availability or your desired travel dates.
- 8- Obtain **at least two quotes** and include them in your trip project package. The travel contract must be granted to the pre- approved agent who offers the lowest price in accordance with the conditions of your quote request. It is preferred to include documentation of the negotiation process.
- 9- Hint: offer departure/return dates as intervals rather than specific days. For example: Departing between May 5 – 7, returning between May 14 – 16. This gives the travel agent more leeway to procure the best possible offer.
- 10- You can include an itinerary, as a guide, in your quote request; however, to allow them to maximize times –vs- activities, specify that the agent may propose an alternate itinerary. Alternatively, you might include a list of desired attractions and activities and let the agent propose an itinerary.

- 11- Make sure that the price provided by the agency includes the cost of travel insurance as well as tips that will be paid during the trip.
- 12- Make sure the travel agency's insurance includes the following minimum coverage:
  - For land trips: medical and repatriation insurance
  - For air travel: medical and repatriation insurance as well as insurance in case of cancellation and also for loss of baggage.
  - In all cases, make sure that the insurance offers sufficient protection for the risks arising from COVID (cancellation before departure, isolation or quarantine while travelling, repatriation, accommodation, etc.)
- 13- This insurance is not optional, and all participants must adhere to the travel insurance provided by the travel agency.
- 14- Parents and students must at all times pay the travel agency directly. The school should never act as an intermediary to receive the funds to be paid to the agency.
- 15- Please ensure that a representative of the travel agency gives an information session to parents and students. During this information session, the travel agency must explain their terms and conditions, namely the insurance coverage and the risks related to the school trip.
- 16- Ensure that each parent signs the "Parental Consent to a trip Outside Canada" form (Addendum L).

**REMINDER - BEFORE DEPARTURE:** Remember to double-check the Foreign Affairs, Trade & Development Canada website 24 hours before departure to verify that your destination is still free of travel warnings. Please print the confirmation and keep it with your documentation.

## **ADDENDUM J**

### **Fees for Activities**

*Updated January 28, 2020*

New legislative and regulatory provisions concerning free education and financial contributions that may be required have taken effect on July 1, 2019.

#### **School activities**

The legislative and regulatory provisions stipulate that school activities may be subject to financial contributions from parents.

#### **Activities outside the school**

A financial contribution may be required for activities carried out off the premises of the educational institution attended by the student. These activities involve travel outside the school or center, either on foot, using public transit or with transportation organized by the educational institution. Contributions may be required for activities carried out within the scope of a special school project or regular program.

They include educational activities; for example, visits to a museum, theatre, farm or market. They also include more recreational or social activities such as visits to an amusement park or picnics at an outdoor recreational area. They usually take place during school hours. Sometimes they may take place outside school hours, such as in the case of end-of-year trips.

The Education Act stipulates that contributions cannot exceed the actual cost of the activity. The actual cost of an outing includes:

- Transportation
- Admission fees
- Registration fees in the case of a competition
- The cost of hiring a substitute for a teacher accompanying a group of students, if the teacher needs to be replaced
- The teacher's participation fee

Also, when a school does not have the facilities necessary to offer a compulsory course and there are costs associated with the use of other facilities, it **cannot require** a financial contribution from parents. This is the case, for example, when students in Physical Education and Health go to the pool. However, if the use of other facilities is required to carry out a special school project, it **may be subject to a fee** from parents of students enrolled in the project.

The Education Act provides for funding equivalent to two free school outings per student per year in preschool, elementary school and secondary school. To this end, it requires that the school boards' budgetary rules include subsidies to finance these two school activities. It is up to schools to decide how to use the amounts earmarked for outings, provided they respect the guidelines of the school boards' budgetary rules.

Vocational training and adult general education students are also entitled to cultural outings during their training process.

### **Activities at the school**

A financial contribution may be required for activities similar to school activities taking place outside the school and requiring the participation of a person who is not on the school board's staff, for example, a scientific guide or an animal expert. These types of activities take place in the school or on school property.

They are carried out during school hours and may or may not be within the scope of a special school project.

### **Additional information**

Practicums for students in the Work-Oriented Training Path are not considered outings subject to a financial contribution.

### **Extracurricular activities and summer courses**

According to sections 90 and 91 of the Education Act, the governing board may organize educational services other than those prescribed by the Basic school regulation. These services, often referred to as extracurricular activities, include instructional services outside teaching periods during the school days of the school calendar or on non-school days, as well as social, cultural or sports services, such as language, karate and drama courses. The governing board may also allow other persons or organizations to organize such services on school premises.

A financial contribution may be required from parents for the goods or services offered, except if financing is already provided for in the school boards' budgetary rules.

A financial contribution may also be required for summer courses held on non-school days.

## ADDENDUM K COVID Protocol *Updated December 12, 2022*

<i>School name</i>	<i>Trip Organizer</i>
<i>Trip description (country and dates)</i>	

### Reminder

The trip must be approved by the school Principal, the school’s Governing Board and the Regional Director in compliance with the *Extracurricular and Field Trip Policy*. This *Covid Protocol* must be completed by the trip organizer and added to the documents to provide for approval. Please refer to Addendum I "Steps to follow for trips outside Canada".

### General recommendations

- A minimum of two additional adult supervisors should accompany any trip of a duration greater than two nights as a provision for possible COVID-19 disruption (i.e. supervisor for student testing positive, becoming ill and/or needing to isolate).
- All participants should produce a negative COVID-19 rapid test within 48 hours of departure. Trip organizers must ensure that cancellation insurance includes reimbursement for students in the case of a positive test. Please refer to Addendum I "Steps to follow for trips outside Canada" for additional requirements

Please indicate below your specific contingency plan for managing the different risks associated to COVID during your trip.

<b>Measures regarding the detection and prevention of contamination before and during the trip</b>
<b>Plan in case of contamination before departure – students and chaperones</b> (cancellation procedure / confirmation of rules applicable to amounts paid / identification of persons who have agreed to be on standby and to leave with the group if necessary / etc.)

<b>Plan in case of contamination during the trip – students and chaperones</b> (in case of isolation, quarantine, immediate return, additional arrangements and supervision, payment of additional expenses, insurance coverage, etc.)

Despite the current global context, characterized in particular by the COVID-19 pandemic, the Lester B. Pearson School Board (hereinafter LBPSB) allows its students to take part in school trips. However, the terms and conditions mentioned below must be accepted and respected by all parents and legal guardians.

**BEFORE SIGNING THIS DOCUMENT, PLEASE READ CAREFULLY THE FOLLOWING:**

1. The LBPSB (including its schools and centres) is not a party to the contract between the parents and the travel agency with respect to school trips. In fact, parents must sign a contract directly with the travel agency. Parents understand that they must pay the travel agency directly for all costs related to school trips.
2. Parents understand that they are responsible to purchase their travel insurance coverage with the travel agency that will be organizing the trip.
3. Parents are responsible for carefully understanding the scope of the guarantees, limitations and exclusions included in their insurance contract with the travel agency. As such, the LBPSB will not, under any circumstances, be held responsible for any loss of any nature resulting from any travel protection plan including, but not limited, to any decision made by the travel agency refusing to fully or partially reimburse in the event that a school trip is cancelled, modified or postponed.
4. The LBPSB may be required, at any time, to cancel, modify or postpone a school trip, in particular but not limited to the following reason: to ensure the security of its students and staff members, regardless of the current recommendations, decrees, rules or laws of the Quebec, Canadian and/or foreign government authorities. As such, the LBPSB will not, under any circumstances, be held responsible for any loss of any nature resulting from such a decision.
5. The travel agency may be required, at any time, to cancel, modify or postpone a school trip. As such, the LBPSB will not, under any circumstances, be held responsible for any loss of any nature resulting from such a decision.

**CONSENT AND RELEASE OF LIABILITY**

In order to confirm your authorization to your child's participation in the aforementioned trip, please check all boxes below:

- I, the undersigned, declare that the student whose name appears above is a minor and that I have parental or legal authority over this student.

- I acknowledge that I have read and understood the information provided in this form and I give my consent to allow my child to take part in the above-mentioned school trip.
- I acknowledge having received, understood and accepted the terms and conditions of the travel agency regarding the contract for the school trip, including the terms and conditions related to the travel insurance plan.
- I understand that this form includes an exclusion of liability, and I irrevocably waive my right to claim compensation from the Lester B. Pearson School Board for any financial loss related to the trip, including if it is modified, postponed or completely cancelled.

Furthermore, I understand and agree to the following:

- My child will be required to do a COVID-19 rapid test 48 hours before departure. I agree to notify the group leader indicated above of any positive result. I understand that this requirement applies to all students taking part in the trip, as a means of prevention.
- The school has an *Emergency Medical Treatment Form* concerning my child that I have filled out and signed at the beginning of the school year. Should any changes have occurred since, I agree to submit an updated form to the group leader.
