RE: Updated information – COVID-19

Dear parent/guardian,

As a result of a surging number of positive COVID-cases, public health officials and the Quebec government have introduced a new series of measures designed to control the spread of the virus.

These measures include the following:

Today, December 20th, will be the last day of classes for Lester B. Pearson School Board elementary and high school students and for all students in the Continuing Education sector. Students in the Continuing Education sector with critical exams will be notified by their centre if their attendance is required tomorrow. All students are encouraged to bring all of their essential learning materials with them today when they leave school at the end of the day.

There will be no elementary daycare services available on December 21st.

All elementary, high school and Continuing Education students are now scheduled to return to classes on January 10th, 2022. Since the return at Lester B. Pearson schools and centres had originally been planned for January 5th, additional information will be sent to you regarding the provision of services from January 5th to 7th, 2022, in the upcoming days.

We thank you in advance for your continued collaboration as we are confronted with the rapidly changing epidemiological situation regarding COVID-19.

Considering there may be additional public health protocols introduced in the coming days, please be sure to monitor your emails on a regular basis to ensure you receive all the latest updates.

Please stay safe and thank you for your understanding as we all face this unprecedented health crisis together.

Lester B. Pearson School Board Administration
