

Jessica Gottlieb MSW, T.S. - Clinical social worker, author, and speaker

My Lester B. Pearson journey began at Beechwood Elementary. A special thank you to Ms. Stewart for being an incredible teacher and for choosing me to be one of the valedictorians!

I am so grateful that I had an incredible experience at Lindsay Place High School with lifelong friends and great teachers. When Mr. Jackson asked me to join the leadership program, he took me on a path of leadership, confidence and teamwork that I didn't even know I needed. He helped shape me into the woman I am today.

In my role as a clinical social worker, I get the opportunity to work with many elementary and high school students. Through therapeutic modalities, I hope to help teach them the same lessons that I started to learn in high school: positive thinking, self-confidence, coping strategies and motivation.

The education that I received at the LBPSB helped kickstart the path to where I am today, personally, and professionally.
