

Every child loves music!

We at Kingsdale believe the teaching of a music program is essential to developing the whole child.

- ♪ There is a connection between Music education and language development and reasoning.
- ♪ Music education offers a creative outlet which compliments other programs.
- ♪ There is a link between the learning of Math and Music. Children can develop their math and pattern-recognition skills with the help of musical education. Playing music offers repetition in a fun format.
- ♪ Music encourages creativity, imagination and intellectual curiosity. These are skills needed to effectively problem solve.
- ♪ Music education often develop teamwork and collaboration.
