Every month, the Lester B. Pearson School Board's Council of Commissioners meets to adopt/discuss different dossiers related to the governance of the board, including, amongst other items, the awarding of contracts, approval of policies/resolutions, budget-related matters as well as planning and direction objectives.

Considering that many of Council's decisions have direct impacts on the board's different schools and centres it is important that members of our community remain informed of what transpires at the meetings. In keeping with this desire to promote transparency throughout the board, information regarding Committee reports, and council minutes are available at the following link:

As well, as part of an effort to provide our different stakeholders with an additional means to keep up-to-date about Council-related matters we have introduced a new link for employees on the Council of Commissioner Icon on SSO entitled Council Decision Summaries. With one click you will be able to find summaries of all the different decisions taken by Council following the meetings.

For parents and members of the public these summaries will be posted shortly after all Council meetings at the following link:

We hope you find this additional way of sharing information to be useful.
